## KS Containers

Schaefer 180° stack and nest containers securely stack when full and efficiently nest when empty to minimize freight and storage costs. Designed for a wide variety of applications, Schaefer's KS, EFB and FB, 180° stack and nest containers can be found globally in food processing, industrial and distribution businesses. Many of the containers are compatible with pallet systems, including Euro-pallets and 48" x 40" pallets. Some of the containers have unique features for specific applications, and all have Schaefer quality in workmanship and design.

## KS Container Features

### KS 161210 and KS 221411

- Two sizes, two heights, two footprints
- Made of polyethylene
- Designed specifically for use in meat processing facilities
- Ergonomic open hand holds permit use in overhead chain conveyors
- Sidewall slots provide overflow and airflow management
- Smooth walls with generous corner radii create a strong and easy-to-clean container
- KS 161210 is available in red, blue, green and yellow
- KS 221411 is available in white only

### KS 241404

- A general purpose 180° stack and nest container
- Large labeling or bar-coding areas on the sidewalls
- Made of polyethylene
- Available in blue, yellow, red and green

### KS 291710

- A general purpose 180° stack and nest container
- Large labeling or bar-coding areas on the sides
- Made of polypropylene
- Available in blue, yellow, red and green

### KS 141007

- Designed for small parts storage
- Deep handles
- Wide label holder on front rim
- Dividers are available to divide the container in halves or quarters
- Layer separator also available
- Available in blue, yellow, red and green
- Made of polyethylene
