Safix Cabinets

Safix cabinets offer the best use of space in small areas.

Available in a variety of heights, depths and widths, there is a size to fit most applications. Cabinets are available with and without doors, and can be ordered with or without containers. Different container color and size combinations are also available. Cabinets are the ideal organizer for the home, workshop or office.

Schaefer cabinets are a stove-enameled grey finish and the shelves are galvanized steel. Doors come equipped with secure locks and recessed handles.

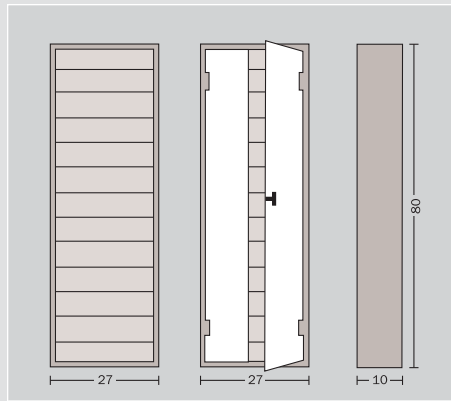

Container colors will be shipped as shown unless different colors are specified, for an additional cost.

Super Safix

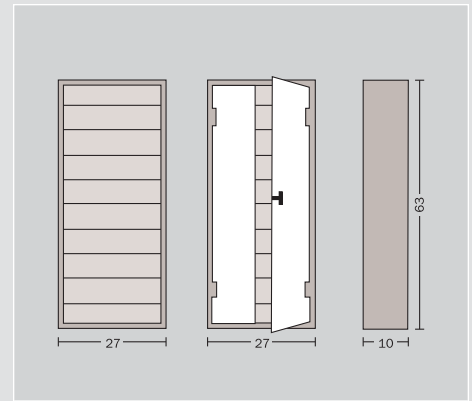

Order#	Description	Dimensions			Containers Included
		L	W	H	
FSCH 12D	With Doors, 12 Shelves	80"	27"	10"	52 - LF090605 (24 Red, 22 Blue)

Cabinets

In addition to different shelf and container combinations, Schaefer cabinets can be outfitted as lockers or wardrobes. Available wither 16" or 20" deep, they can be ordered with a lockable compartment, half shelves, or whatever shelf arrangement may be needed. All cabinets are manufactured from high-quality sheet metal. Reinforced doors and galvanized shelves are standard.
